**\* AUTOMATIC PAYMENT**

With Automatic Payment from your San Francisco Federal Credit Union Account, you could be eligible to receive up to \$500.

The credit union will rebate up to 1.25% of the interest paid over the term of the loan up to a maximum rebate of \$500 when,

1. All loan payments are paid by automatic deduction from a San Francisco FCU account each month;
2. All loan payments are made prior to the expiration of any grace period each month such that no late charges are incurred on the account during the life of the loan;
3. The loan is not paid off early (i.e., borrower makes only the required minimum monthly payments each month); and

Provided that the above requirements are met, the interest rebate will accrue and shall be paid only after the unpaid balance has been paid in full in accordance with the terms and conditions of the loan agreement and will be credited to the San Francisco Federal Credit Union account from which the automatic payments have been made.

Interest rebate is available only on 3 year, fixed rate loans with balloon payments. Other restrictions may apply.
